GREAT BRITISH LEATHER SOFAS BY GREAT BRITISH CRAFTSMEN

A pair of large, dark, worn scissors and a smaller tool with a textured handle, resting on a dark, textured surface. The scissors are the central focus, with their handles and blades clearly visible. The smaller tool is positioned above and to the left of the scissors. The background is a dark, textured surface, possibly leather or a similar material, which adds to the overall aesthetic of the image.

At Thomas Lloyd we have been hand crafting beautiful leather sofas and chairs in Great Britain since 1981. We maintain traditional upholstery methods of cutting, pleating, buttoning, studding and finishing our furniture by hand, all performed by our expert team of craftsmen and women, the majority of whom have been with us for over 25 years and many since the very beginning.

OUR LEATHERS

50km east of Verona on the road to Venice lies the small industrial town of Arzignano. Whilst it may not be as well-known as its Shakespearian neighbours, Arzignano is justifiably proud of its leather tanning heritage and specifically its reputation for producing the finest furniture leathers in the World. It is here that we source all our leather hides. We only select full Top Grain hides of exceptional quality from two particular tanneries. No bottom splits, composites or synthetic hides are used in Thomas Lloyd furniture.

We offer five leather types to choose from. For each sofa design we have chosen one or more leather types that we consider to be the best match for that particular design. Alternative leather types can be selected as a bespoke order. Please note bespoke orders are not covered by our 21 day money back return guarantee.

ANTIQUÉ - available in five colours

A robust, classic leather synonymous with Gentlemen's Clubs and Grand Hotels. Once upholstered, our antique leather is rubbed back and resealed in specific areas to create an aged, antique appearance. The antique leather will continue to develop its aged patina over time.

VINTAGE - available in four colours

Less formal than the antique, our vintage leather lends a softer, matt appearance to classic pieces. Each hide displays the natural blemishes and inherent scars of the animal as well as tonal shade variations. This retro leather has a distressed appearance and lightens in colour in areas where stretched in upholstery.

MILTON - available in five colours

Milton is a two-tone textured, soft handle leather which features a tipping effect that highlights the peaks of the grain. It has a clean and polished appearance making it the perfect choice for modern contemporary upholstery.
